At Liberty Family Success Center Black Lives Matter!

**BLACK LIVES MATTER AT NJ DCF**

This is not to the exclusion of other races, but because right now and for hundreds of years, black lives have been marginalized.

Generational trauma negatively impacts all facets of life, employment and health, emotional, mental and family wellness. Structural racism has been embedded into policies and rules for housing, education, social services, law enforcement and the courts.

**CHANGE IS LONG PAST DUE - STATEMENTS AREN'T ENOUGH - ACTION IS NEEDED**

Here's what we're doing to advance equity in our work.

- Race Equity is a core principle in our strategic plan.
- We are consulting with a renowned equity expert from UPenn
- We are examining and addressing racial disparity county by county.
- We are revising policies on background checks for kinship caregivers.
- We are notably reducing family separations.
- We created an Office of Family Voice.
- Our parent and youth councils are offering guidance on policies.
- We created a Race Equity Steering Committee to study data, best practices and policies.
- We created an Office of Employee Health and Wellness.

DCF is striving to be the change we want to see.

Esto no excluye a otras razas, sino que en este momento y durante cientos de años, las vidas de los afroamericanos han sido marginadas.

El trauma generacional impacta negativamente en todas las facetas de la vida, la salud laboral, el bienestar emocional, mental y familiar. El racismo estructural se ha incorporado a las políticas y normas de vivienda, educación, servicios sociales, aplicación de la ley y los tribunales.

**El cambio está atrasado - las declaraciones no son suficientes - Se necesita acción**

We found this great instructional video on how to dress to impress. We just had to share with our families.

Encontramos este video instruccional en como vestir para impresionar en una entrevista de trabajo. Tenemos que compartirlo con nuestras familias.
