NEED HOUSING ASSISTANCE?

The DCAid tool is a quick and simple process that allows people to find out if they are eligible for **housing assistance programs, utility assistance, homelessness prevention services**, and other programs that will help to improve their quality of life

The eligibility screening process is a series of questions that takes approximately 1-2 minutes to complete. Users can find out if they are eligible for DCA services that provide assistance with rent, including the

Section 8 Housing Choice Voucher Program and the State Rental Assistance Program, **heating costs, utility bills**, removal of lead hazards in the home, Veterans Affairs Supportive Housing (VASH), weatherization assistance, and homelessness prevention programs. The results, based on general income and household information entered, will provide the user with a brief description of eligible programs with contact information for the agency where the user can apply.
